**Assembly**

1. Referring to BASIC INSTRUCTIONS stitch and flip technique make a square-in-a-square unit with the C squares and M square. See #1a below. The unit should measure 2 ½" square. In the same manner attach two C squares to the top corners of a K square to make a petal unit measuring 2 ½" square (#1b). Make four.

2. Sew a rectangle B and A to a L square to make a half-log-cabin unit (#2). Make four measuring 2 ½" square.

3. Arrange square-in-a-square unit, petal units and half-log-cabin units into three rows. See #3 below. Sew the units into rows as indicated and press. Join the rows and press to complete the flower head.

4. Referring to BASIC INSTRUCTIONS stitch and flip technique sew two C triangles to the I rectangle as shown for a leaf unit. In the same manner make a mirrored leaf unit with C triangles and E rectangle. Both units measure 3" x 2 ½".

5. Arrange leaf units, H, J, G, D and F in three rows as shown. See #5 below where indicated. Sew together rows, join rows to make the flower stem with leaves.
