Introducing 20 beautiful colors of Ombré gradients. The possibilities are endless in how to use them. You can use them in place of batiks or solids in your quilting, and create a beautiful almost a hand dyed effect in smaller piecing. Use them in texture techniques like rouching, or in making rosettes. Use them in our fantastic line of ombré quilt patterns, where we teach you how to cut and use each shade purposefully in piecing or in our appliqué patterns. Dive into the exciting world of Ombré gradients! What will you make?
