

Bubble **POP!**

American Jane

Bubbles in the air floating here and there. Shining red and green, they sparkle when they catch the sunlight and then...pop! They're gone and can't be seen.

Black and white ribbons blowing on six primary colors are joined by six four-in-one panels with basic prints in two-color shades. If you want your quilts to have some sparkle that won't disappear, Bubble Pop! will surely make that happen.
