A note from Oda May: Today's quilt has two options! A wonderful modern version using a darling Christmas print from Deb Strain and a bonus Summer of {Bella} Solids option in a range of lovely, fresh colors perfect for summer.

Hi there! I'm Corinne and I blog over at www.mustlovequilts.com. I'm excited to share my first ever Moda Bake Shop tutorial with you!

You should now have the following pieces cut out (All dimensions listed are the length, the width is 2.5"/the width of the jelly roll):

Lime	(4) 32.5"	(1) 28.5"

White		
(15) 41"	(15) 12"	
(2) of each of the following:		
2.5"	4.5"	6.5"
8.5"	10.5"	12.5"
14.5"	16.5"	18.5"
20.5"	22.5"	24.5"
(1) 26.5"		

SEWING PREPARATION

Before we start sewing our pieces together, let's pair them up so we can avoid confusion later on. I like to pin them together with a post-it label so that they don't get mixed up.

1) First take all of your 41" strips and your 12" strips and set them aside.

2) Below is the diagram of how the quilt is laid out. I've separated mine so that they alternate by color.

You will notice each row is comprised of a combination of white and print strips. Rows A, B, C, M, N, O & P are made up of (1) white strip and (1) print strip. The rest of the rows are made up of (2) white strips and (1) print strip. Decide how you want to layout your strips and group your strips together based on their row letter.

For Example:

Row A is comprised of (1) 28.5" print strip and (1) 24.5" white strip. Take both of these strips and pin them together with a post-it or label marked "A."

Here is a chart with how your strips should be paired up:

	PRINT	Color	WHITE	WHITE
A	28.5	Green	24.5	—
B	30.5	Red	22.5	—
C	32.5	Lime	20.5	—
D	32.5	Green	2.5	18.5
E	32.5	Red	4.5	16.5
F	32.5	Lime	6.5	14.5
G	32.5	Green	8.5	12.5
H	32.5	Red	10.5	10.5
I	32.5	Lime	12.5	8.5
J	32.5	Green	14.5	6.5
K	32.5	Red	16.5	4.5
L	32.5	Lime	18.5	2.5
M	32.5	Green	20.5	—
N	30.5	Red	22.5	—
O	28.5	Lime	24.5	—
P	26.5	Green	26.5	—

This is an original pattern not intended for sale.

1) First take your 41" and 12" strips you set aside earlier.
 Sew (1) 41" strip to (1) 12" strip = 52.5" strip
 You'll end up with (15) 52.5" strips. These will be the strips between our print units.

2) Take your grouped units and sew the white strips to each end of the print strip. It doesn't matter which end is which because you can just turn them "upside down", unless you have directional fabric. Keep one of your labels with your strip so that you can easily put everything together. Here is Row E as an example:

3) Once you have all of your units pieced, sew your rows together per the diagram above.

Yield:

52.5" x 63" Quilt - The perfect comfort quilt sized just right for snuggling on the couch or under the Christmas tree! Since this is the Summer of Solids, I went ahead and whipped up a Bella Solids version of this pattern. Please check out my blog, www.mustlovequilts.com, for details on what colors I used, and the piecing diagram for the solids version. I hope you enjoyed my first tutorial on Moda Bake Shop!

Until next time, Piece Out!
