

 Moderate

I'm excited to bring you my second Moda Bake Shop tutorial today! These placemats are a great way to spruce up your table setting and this simple design could be used for holiday fabric or an everyday print like the lovely Windermere by Brenda Riddle Designs for Moda. I'm neither one for floral nor am I usually one for mini charm packs but the scale of this print is perfect for a sashed granny squares design I'm calling, Granny Windermere's Placemats. These placemats finish at 18" x 14" and the ingredients listed will yield 4 placemats!

Ingredients:

- 2 Mini Charm Packs (I used Windermere)
- 2 $\frac{3}{4}$ yards for background, backing and binding (I used the Cobblestone brown ditzy flower print from the Windermere line)
- $\frac{1}{2}$ yard Sashing (I used Bella Solid Tan)
- * Will yield 4 placemats

Sew the remaining sashing in place by matching the centers then gently smoothing sashing out. There may be some overhang on the edges but its most important that you centers line up as shown (you'll be trimming the edges off later)

Step 11.

When it comes to sewing the rows together, if your seams were press as shows in step 7 you can nest the seams past the sashing to line them up. Match your seams then smooth out the sides

Step 12.

Trim excess overhang on corners (top left and bottom right as shown)

Step 13.

And now the top to your placemat is complete!

Finishing

Baste, quilt and bind as you see fit!

Yield:

This tutorial will yield 4 placemats at 14" x 18" each. I love having this placemat on the antique hutch I inherited this past year, it's a perfect way to brighten up the space and protect the finish. I even put together a sample of this placemat with the sashing and background reversed and a version of a bleached-out background. I'll be posting more about the bleach process I used on [my blog](#) next week!

Alternate looks for this pattern:

I hope you enjoyed this tutorial and I cannot wait to see what beautiful placemats you create with these designs, be sure to tag me on Instagram [@terriann](#) and share it in the Moda Bake Shop Flickr group!
