Position on the quilt and press with a hot iron. Buttonhole stitch around the hat using a medium stitch length and width. *Hint: Place tear away on the bottom of your block for stability when machine appliqueing.*

Finally add embellishments of your choice to finish this block. I added 2 small black buttons for eyes, a carrot button for his nose, 2 red jingle bells to his belly, and a daisy button to his hat. Then I folded the 1" x 10" green strip for the scarf and stitched in place by hand. When I decided how to place the scarf ends I stitched down the ends with my machine.

YIELD
