

INGREDIENTS

- 1 Jelly Roll Little Tree by Lella Boutique
- 1 Charm Pack Little Tree by Lella Boutique
- 2.25 yards background fabric (I used a tan on white print from the Overnight Delivery line)
- 4 yards backing fabric (I used the green large floral print)
- 1/2 yard binding fabric (I used the red and white stripe)

INSTRUCTIONS

From your background cut the following:
Twenty two (22) 2.5" x WOF strips (six for inner border; sixteen for blocks/outer

border)
Thirty Two (32) 5" squares (for blocks)

Each of block requires two charm pack squares, two background squares, one Jelly Roll strip, and one 2.5" x WOF background strip for the outer parts of your churn dash. Choose sixteen (16) colored jelly roll strips. These will become the "sides" of the churn dash. Choose thirty two (32) charm squares, sixteen pairs of squares matching your already chosen Jelly Roll strips.

To each of your sixteen colored jelly roll strips, sew one 2.5" x WOF background strip. Press towards the colored jelly roll strip. Subcut each strip into four (4) subsections, each 6.5" long. These units will measure 4.5" across and you will need sixteen sets of four matching side sections for your blocks. Save the "stubs" of your strip pieced sections for the pieced border.

Draw a diagonal line on the back of each of your 5" background square. Pair each background square with one of your pre-chosen charm squares, sewing 1/4" from each side of the diagonal line, cutting apart on the diagonal line, pressing towards your focal fabric, and trimming each half square triangle unit to 4.5" square. You will make a total of sixty four (64) half square triangles, four for each of your churn dash blocks.

Make the nine-patches for the centers of our blocks. Each nine patch needs 5 dark/4 light --or-- 4 dark/5 light 2.5" squares. Use approximately 6 dark and 6 light jelly roll strips to make the sixteen (16) nine patches.

For each block you will need four (4) strip pieced side units, four (4) half square triangles, and one (1) nine patch. Lay out as shown below, sew into rows, then sew rows together for each block. Make a total of sixteen (16) blocks; each block will measure 14.5" unfinished.

Using the remaining jelly roll strips for the 4.5" wide pieced border. Subcut the remainders of the strip pieced side sections into 4.5" squares. Pair together your remaining jelly roll strips -- one light with one dark -- and subcut into additional 4.5" squares until you have a total of sixty (60) light/dark rectangle pairs.

Lay out your quilt as shown. Use the remaining six (6) 2.5" X WOF strips sewn end-to-end as the first border around the sixteen churn dash blocks, adding strips to the sides first, then to the top and bottom.

Prepare your pieced borders as follows: each side will require fifteen (15) 4.5" strip pieced squares sewn together; the top and bottom will each require seventeen (17) 4.5" strip pieced squares sewn together. Add the sides first, and the top and bottom afterwards.

Layer with batting and backing, quilt as desired, and bind.
